

The Dufferin-Peel Catholic District School Board is a dynamic board committed to the delivery of quality educational programs and services. We are composed of over 81,000 students enrolled in 151 facilities (125 elementary and 26 secondary schools) throughout the municipalities of Mississauga, Brampton, Caledon and Orangeville. We have approximately 11,000 employees in an increasingly diverse community. We are one of Ontario's largest school boards, encompassing both urban and rural areas. We are currently accepting applications for the position of:

## Chief Information Officer

Position Type: Permanent effective Immediately

**Salary** \$165,664.00

### Position Summary

Dufferin-Peel Catholic District School Board is seeking creative, collaborative and innovative candidates for the role of Chief Information Officer (CIO). Under the direction of the Associate Director of Education (Corporate Services), the CIO is responsible for managing the operation of the Information and Communication Technology Department. In addition, the CIO provides vision and leadership for developing and implementing strategic technology initiatives that improve student achievement, well-being and the quality of service delivery to instructional and corporate users of DPCDSB. The CIO participates proactively with all members of the senior management team in developing and executing strategic plans, policies and procedures to optimize the use of information and communication technology in support of the educational and business objectives of DPCDSB.

### Qualifications

- ❖ University degree in Computer Science, Education, Business Administration or a related field
- ❖ A minimum of fifteen (15) years of work experience in the field of Information Technology. This experience should include at least seven (7) years of direct management and supervision of a major Information and Communication Technology Department. Experience in the field of education is essential. Experience should include a number of the following specialties: IT operations, project management, programming, systems design, hardware/software implementation, financial management, multiple hardware platforms, integrated information and communications systems
- ❖ OR, the equivalent combination of education and experience.

To be considered for this position, please forward your resume quoting **File: CIO** fully detailing your experience and qualifications, by e-mail, no later than **Friday April 26, 2019** to:
