The Ontario Catholic School Business Officials Association is committed to excellence in Catholic education. We work with our Partners in Catholic Education to foster members' professional development and networking, promote effective best management practices and support Gospel values in service of Catholic education.

The Ontario Catholic School Business Officials Association was founded in 1955. Originally established as the Ontario Separate School Business Officials Association the organization is focused on insuring equity and fairness in funding for Separate Schools in Ontario, protecting the rights of Catholic School Supporters and providing quality professional development opportunities to Catholic School Business Officials. OCSBOA along with OCSTA and our other Catholic partner organizations are tasked with the responsibility of insuring that our school system continues to be available for the generations of Catholic school children to come.

A major focus for our Association is to ensure that the knowledge of our Story, the history of Catholic Education in Ontario continues to be told and that our membership is informed of their importance, value and role in providing quality Catholic Education.

HOW TO GET INVOLVED

Annual AGM & Conference

Each year, OCSBOA holds its Annual General Meeting and Conference at various locations throughout the province.

This 3-day event brings together OCSBOA members to network, discuss association business and to enjoy speakers and presentations.

Sponsorships/vendor displays are a key component of our conference.

Elections for the upcoming year are held at the Annual Business Meeting.

The 2027 AGM & Conference will be held at White Oaks Conference Centre, Niagara on the Lake, from September 22-24. Registration/information packages will be emailed to members.

"OCSBOA brings together dedicated business professionals who are committed to collaborative development, sharing and promotion of leading business practices in the Catholic Education sector."
